LEGACIES 2008: MAKING HISTORY

LEGACIES is a Black History Month Event.

LEGACIES exists because Black History is Canadian History.

LEGACIES is a celebration of Black History and Canadian talent; it is a showcase of the rich and diverse art forms that have been influenced by the Black community, from traditional to the contemporary.

LEGACIES exists to fill a need; the need for an event that unites people from all races to come together and celebrate contributions that are often forgotten. Though various Black History Month events occur in our city, none are as all-encompassing, as sociable or as inclusive as LEGACIES.
